

Mr. Sinyangwe,

I work for the Fullerton Police Department as an Internal Affairs Sergeant. Part of my responsibility includes responding to Public Record Requests. This e-mail is being written in response to your Public Record Request for;

1. The total number of police use of force incidents, by type of force used, between 2013-2017 (separated by year).
2. The total number of people that police used force against, between 2013-2017 (separated by year).
3. The total number of police use of force complaints reported between 2013-2017 (separated by year).
4. The total number of police use of force complaints sustained between 2013-2017 (separated by year).

I received your request you emailed to the City of Fullerton inquiring into the above referenced matter. After searching our database, I was able to gather and attach the type of information you are seeking. If you feel this information does not fall within the scope of your request, please contact me at any time.

In response to your four enumerated requests, refer to doc002545 for the total number of UOF (Use Of Force) by type for 2013-2017. The total number of police UOF complaints reported between 2013-2017 is three. One in 2015 and two in 2017

As to number two of your request, number of people that police used force against, we do not maintain that information. As to number four of your request, we had no sustained complaints for UOF from 2013-2017.

Sincerely,

Sgt. Matt Rowe
